VICTORIA, B.C., THURSDAY, NOVEMBER 12, 1925—16 PAGES

PRICE FIVE CENTS

BIG BRITISH SUBMARINE M-1 MISSING

HAD TO OVERSPEND OR STOP UNIVERSITY BUILDING, SAYS PHILIP, DARING HIS CRITICS

Shut-down of Work Would Have Caused Heavy Loss, Says Deputy Minister as Investigation Opens; Opposition Charges Him With Giving Evasive Answers; "I Am Not Afraid of Any of You," Official Retorts Declaring That He Will Not be Brow-beaten; Figures Showing Costs Are Bared.

Discovery of the over-commitment on B.C. University expenditures was made about two months after the last session of the Legislature, Patrick Philip, Deputy Minister of Public Works, informed the Public Accounts Committee of the Legislature today at a session that became acrimonious at times. A statement prepared on February 17 showed that there was authority to borrow \$3,000,000 for University purposes, \$2,420,000 had been spent, it would require \$568,578 to wind up contracts then let, and then there was an over-commitment at that time of \$289,285, he stated.

"We had to choose between shutting down or going on; it was decided to carry on," said Mr. Philip. The over-commitment is now approximately \$1,200,000, he said.

Shutting down at that time would have meant heavy loss through claims from contractors and damage to uncompleted buildings from the weather.

"No business man would have left those buildings in that shape if the money could have been raised," said Mr. Philip.

"Would a business man over-commit?" queried H. Despard Twigg, Conservative, Victoria.

"To err is human," said Mr. Philip. R. H. Pooley, Opposition Leader, who conducted the examination, accused Mr. Philip at one time of giving evasive answers, and Mr. Philip declared that he would not be brow-beaten by a couple of lawyers.

"I am not afraid of any of you," he exclaimed.

DECIDED TO GO ON

Mr. Philip said conferences had been held between the Minister of Public Works, Deputy Minister of Finance, Comptroller-General and others, and it had been decided to carry on the work, but he could not be sure who made the decision.

"It was a mutual agreement," he said.

THIRTEEN KILLED IN TRAIN WRECK

Eleven Bodies Recovered After Disaster To-day at Monmouth Junction, N.J.

Plainsboro, N.J., Nov. 12.—Thirteen persons were killed at Monmouth Junction, ten miles south of here, early to-day when a St. Louis express train on the Pennsylvania Railroad bound for New York telescoped another Pennsylvania train from Washington, also bound for New York.

Eleven bodies were recovered from the wreckage of the two rear cars of the Washington train. Two more bodies are still in the wreckage. The bodies recovered were sent by train to New Brunswick and Trenton.

The disaster occurred during a heavy fog.

The position of the dying and injured under the wreckage made difficult the work of the New Brunswick and Trenton doctors and nurses rushed to the wreck.

The rear car of the train which was telescoped carried nineteen persons. It was a Pullman.

ARMED REVOLT IN ITALY WAS PLANNED

Uprising Would Have Started Recently if Mussolini Had Been Assassinated

Rome, Nov. 12.—The men behind the plot to assassinate Premier Mussolini planned to launch an armed revolt, if successful in removing the head of the Fascist regime, it was announced officially to-day by the investigating authorities.

PLOT AGAINST RIVERA REPORTED

London, Nov. 12.—Reports received to-day through Paris that a widespread plot had been discovered in Spain against General Primo de Rivera, head of the Military Directory, were denied by the Embassy here.

VICTORIA PAYS TRIBUTE TO THOSE WHO MADE SUPREME SACRIFICE IN GREAT WAR AT ARMISTICE DAY CEREMONY

Manson Leaves For Vancouver to Testify at Trial

In a statement this afternoon Attorney-General Manson said: "I am informed that H. O. Macdonald, in the witness box in Vancouver Assize Court this morning made the statement that in his conversation with me I told him that I knew all about the abduction, but did not want to appear in it officially."

"If Macdonald made such a statement I can only say that he is entirely wrong in his recollection of the conversation because the fact is that I had no such knowledge. I did have a suspicion based on reports made to me of Robinson's guilt. I have not the full details of Macdonald's evidence before me, but I shall go to Vancouver at once, and shall ask the Crown counsel to call both W. D. Carter, Deputy Attorney-General, and myself as witnesses as to what actually transpired on the occasion of the conversation referred to."

Mr. Manson is making an effort to catch the boat to Vancouver this afternoon.

\$1,000,000 FIRE IN CORINTH, MISS.

Corinth, Miss., Nov. 12.—Damage estimated at \$1,000,000 was caused by a fire which practically destroyed the plant of the Corinth Concrete Company here to-day and burned about 9,000 bales of cotton, stored in the compress and in railroad cars. The origin of the fire has not been determined.

Annam Has New Emperor on Throne

Saigon, French Indo-China, Nov. 12.—Prince Vinh Thuy yesterday ascended the throne of Annam at Hue and was proclaimed emperor, succeeding his father, Khat Dinh, who died last week.

It was announced the French Government, of which Annam is a protectorate, and the Government of Annam had decided to draw up a new constitution giving the people a voice in important public matters.

Canada's 1925 Wheat Crop Over 422,300,000 Bushels

Ottawa, Nov. 12.—Canada's total yield of wheat, provisionally estimated in a crop report issued by the Dominion Bureau of Statistics at 422,327,000 bushels, is second largest on record for the Dominion. The previous highest total was 474,198,000 bushels in 1923.

For the three prairie provinces the provisional estimate of the yields of the five principal grain crops are:

Wheat—1925, 394,255,000; 1924, 235,694,000.
Oats—1925, 836,247,000; 1924, 223,225,000.
Barley—1925, 95,315,000; 1924, 70,630,000.
Rye—1925, 12,085,000; 1924, 11,124,000.
Flax seed—1925, 9,197,000; 1924, 9,577,900.

By Provinces:
MANITOBA
Wheat—1925, 29,562,000; 1924, 41,454,000.
Oats—1925, 73,059,000; 1924, 70,729,000.
Barley—1925, 52,497,000; 1924, 40,923,000.

LABOR MEN ASK SWEEPING REFORMS: BROADER EIGHT-HOUR LAW IS FORESHADOWED

The eight-hour day is being gradually extended to form an accepted principle in British Columbia's economic system, Hon. A. M. Manson, Minister of Labor, assured a delegation representing the Canadian Trades and Labor Congress, which met the Cabinet to-day.

"We are tightening up the Eight-Hour Day Law all along the line and are not meeting with much resentment," Mr. Manson declared. "We are pressing here and there and gradually working the eight-hour day into our economic system."

MODERATE POLICY
When the delegation asked for the extension of the Eight-hour Law to apply to all industries in the Province, Mr. Manson advised a more moderate policy for the present. Rapid progress in enforcing the present law had been made in the last year, he said, and he asked for more time to increase its scope. He warned against too-hasty action, pointing out that in European countries where attempts had been made to enforce the eight-hour law too quickly, the revulsion of public opinion against these regulations had rendered the law practically useless.

He preferred, he said, to start at the bottom and work upwards, slowly broadening the application of the law. At the top of the labor delegation's lists of proposed reforms were alterations in the Workmen's Compensation Act involving increases in compensation and the elimination of regulations which, labor men assert, prevent many deserving workers from receiving compensation. Major Richard Burde, leading advocate of labor law reforms, entered this discussion with an emphatic demand that the Government "shake up" the Workmen's Compensation Board.

"The board," he declared, "is entirely and eternally on the defensive. It's a matter of morale not of law."

(Continued on page 1)

NEW PLAN IN FRANCE IS LEVY ON REAL ESTATE

Paris, Nov. 12.—Premier Poincaré's latest plan for the restoration of the French Treasury, submitted to the finance committee of the Chamber of Deputies to-day, calls for a levy of fifteen per cent. on real estate, both improved and unimproved, payable over a period of fourteen years.

DR. HAROLD E. BLAZER ONCE MORE FREE MAN

Colorado Charges Based on Killing of Daughter Dismissed; Jurors Disagreed

Littleton, Col., Nov. 12.—Dr. Harold Elmer Blazer to-day was cleared of all charges in connection with the death of his thirty-four-year-old imbecile and crippled daughter, Hazel, on February 24 last.

The action came less than an hour after the jury, trying him on the charge of murdering the "child woman," announced it had not reached a verdict, and was discharged by Judge Samuel Johnson.

Summoned hastily from his home, Prosecutor Joel E. Stone appeared before the presiding judge and made a motion for dismissal of all charges and the release of Dr. Blazer, who was taken into custody immediately after the jury was discharged.

"As a matter of humanity we ought not to try this case again. The motion is granted," Judge Johnson said. "The defendant now is discharged, and is to go free. Upon formal motion of the district attorney at any time the charges pending will be nolle prossed."

GLASGOW MEETINGS

Glasgow, Nov. 12 (Canadian Press Cable).—The ban the Glasgow magistrates placed about a month ago on the holding of indoor meetings on Sundays by Labor leaders has been removed as a result of friendly negotiations between prominent Labor men and the magistrates and fourteen meetings have been sanctioned for next Sunday.

Berne, Nov. 12.—Two Italian military aeroplanes, returning home from Zurich, crashed into a Craig above Spilgen Pass in a thick fog. The wings of the machines were torn off and the aviators came down in a mass of newly fallen snow. Three of the aviators were severely injured, two slightly, and two escaped altogether.

TRADE OF ITALY IS IMPROVING

Rome, Nov. 12.—Italy's adverse trade balance was almost eliminated during the month of October, exports rising to 17,995,000,000 lire as against imports of 15,554,000,000.

As compared with October, 1924, exports gained 453,000,000 lire and imports 398,000,000.

DELEGATES OF CANADIAN BOARDS OF TRADE WILL VISIT CITY THIS MONTH

Following a conference of delegates of all the boards of trade in Canada at Winnipeg November 16, 17 and 18 members attending the conference will visit Victoria during a tour of the Pacific Coast cities according to telegraphic information received here to-day. The Victoria Chamber of Commerce at a recent meeting decided to join with the other boards of trade in the West in extending a cordial invitation to the representative party of business men, financiers and manufacturers to visit the Pacific Coast.

It was emphasized that the visit of the Eastern party to Victoria would offer an unusual opportunity to discuss national problems from both the Western and Eastern viewpoint, as it would bring together men deeply interested in Canadian industry and commerce. C. P. W. Schwenker, president of the Victoria Chamber of Commerce, leaves Victoria to-day to attend the Winnipeg conference and will accompany the party to Victoria.

P. D. Toehard, secretary of the Toronto Board of Trade, announces E. W. Beatty, president of the Canadian Pacific Railway, has accepted an invitation to address the banquet to be tendered by the Winnipeg Board of Trade to the delegates to the conference.

JOINT INVITATION

Victoria, Vancouver, Moose Jaw, Regina, Saskatoon and Edmonton Boards of Trade have joined in the following invitation:

"We have not wished to make it public before, because we are dealing with very sharp tools," said Dr. Adams.

"It will be understood that the difference between putting something into the body that will kill cells of tumors and not the cells of the body must be very fine indeed."

"Most of the cases treated have been Liverpool cases for the reason that the treatment has to be used with great care until we know the limits of its use. Otherwise deaths would be occurring everywhere through misuse of the treatment. As a result of this danger it has only been possible to treat cases that have been generally regarded as hopeless."

(Continued on page 2)

Great Hopes Based On New Lead Treatment Of Cancer

London, Nov. 12.—In connection with the declaration made in Toronto by Prof. W. Blair Bell of Liverpool that he had cured a number of cancer cases by the injection of lead, Dr. Adams, Vice-Chancellor of Liverpool University, to-day told the Canadian Press Prof. Bell's treatment had resulted in a number of astonishing cures, some of his successful cases having been regarded as inoperable. So many of such cases had been cured that Prof. Bell's work could not be kept private any longer.

"We have not wished to make it public before, because we are dealing with very sharp tools," said Dr. Adams.

SIXTY SAILORS IN MISSING BRITISH UNDER-SEA BOAT

M-1 Dived Fifteen Miles South of Start Point in Orkney Islands This Morning and Has Not Been Seen Since, Says Admiralty; All Efforts to Communicate With Craft, One of Largest and Newest Submarines in British Navy, Have Failed.

London, Nov. 12.—The admiralty announced to-day that the submarine monitor M-1 had not been seen since she dived fifteen miles south of Start Point, in the Orkney Islands, this morning. Every effort made to locate or establish communication with the M-1 thus far has failed.

It is believed the M-1 was carrying her full complement of sixty men and officers when she dived.

The M-1 was one of the largest and newest submarines in the British navy, the distinguishing feature of her class being that they each carry a twelve-inch gun, which is understood to be loaded at the surface and then fired after the craft is submerged to twelve to twenty feet, periscopes being used for sighting. These vessels were laid down under the war emergency programme of 1917.

The Washington Naval Treaty forbids the building of any more submarines carrying twelve-inch guns.

B.C. POWERLESS TO HALT KLAN; APPEAL TO OTTAWA FROM HOUSE PROPOSED NOW

British Columbia is powerless to cope with the activities of the Ku Klux Klan, members of the Legislature learned to-day after they had been urged in a formal resolution yesterday to prevent the Klan from organizing in this Province. Only the Federal Government can prevent the Klan from going ahead with its organization plans here, officials of the Attorney-General's Department announced.

This information probably will result in a revision of the plans of those members who are demanding that the Klan be stopped from completing its programme in British Columbia. It is considered likely that the resolution now before the House, asking the Provincial Government to outlaw the Klan will be altered and made a petition to the Federal Government for this action.

TO CHANGE RESOLUTION
F. A. Browne, Labor, Burnaby, who asked the House yesterday to nip the Klan in the bud, was informed to-day that the Province could not handle the question. "I don't much care through what channel the result is accomplished so long as the Klan is halted," Mr. Browne said. It is assumed that Mr. Browne and others interested in the matter will get together and redraft the Klan resolution so as to make it effective by an appeal to the Federal Government.

CO-OPERATION EXPECTED
Members of the House are satisfied that the Federal Government is interested itself in the Klan's activities. The action of Federal immigration authorities in halting a Klan organizer at the Canadian boundary this week is taken as an indication that the Ottawa Government will be willing to co-operate in handling the situation if the Province asks for assistance.

The Government has not considered the Klan question yet, Premier Oliver stated to-day.

ITALIAN-U.S. DEBT AGREEMENT MADE

Funding Scheme Calls For Repayment Of \$2,042,000,000 Over Period of Years

Washington, Nov. 12.—An agreement was reached to-day for funding the Italian war debt to the United States.

Under the agreement, the Italians are understood to have agreed to a total debt of \$2,042,000,000. Payment will be at the rate of \$5,000,000 a year for the first five years, increasing thereafter each year.

The total of \$2,042,000,000 represents the loans made to Italy and the interest to date at 4 1/2 per cent.

TUAN IS REPORTED TO HAVE RESIGNED

Martial Law is Said to Have Been Proclaimed in City of Peking

Honolulu, Nov. 12.—The Japanese press here reports advice from Peking which indicate martial law has been declared there and that the President has resigned.

Peking, Nov. 12.—Some of the members of the Cabinet have resigned and several officials, supporters of Marshal Chang Tso-Lin, the Manchurian war lord, have fled the capital.

JAPANESE RESURES
London, Nov. 12.—Accipitator a coup by Feng Yu-Hsiang, the "Christian general," in Peking, says the London Evening News Tokyo correspondent. The Japanese Cabinet was called in to-day for an extraordinary session to-day to consider the protection of Japanese lives and property in the Chinese capital.

It is reported, the correspondent says, that the navy is prepared for any emergency, with fast cruisers ready to move at a moment's notice.

TUAN A PRISONER
Shanghai, Nov. 12.—With an apparent censorship in effect, The North China Daily News learned from private sources in Peking that the chief executive, Tuan Chi-Jui, is practically a prisoner in the hands of Feng Yu-Hsiang, the "Christian general."

The report coincides with an Eastern News Agency message from Peking that Feng had ordered to disarm Tuan's bodyguard with object of taking Tuan into custody on the plea of guarding him.

DIAMOND DYES
COLOR THINGS NEW
Just Dip to Tint or Boil to Dye

Each 15-cent package contains directions so simple any woman can tint soft, delicate shades of dyed rich, permanent colors in lingerie, silks, ribbons, skirts, waists, dresses, coats, stockings, sweaters, draperies, coverings, hangings—everything!

Buy Diamond Dyes—no other kind—and tell your druggist whether the material you wish to color is wool or silk, or whether it is linen, cotton or mixed goods. (Adv.)

Dr. O. M. Jones Chapter — At the meeting of the Dr. O. M. Jones Chapter, I.O.D.E., plans were made for a rummage sale to be held on Saturday, November 14. Two new members signed the roll, Mrs. M. Graham and Mrs. Crawford. A meeting will be held at the home of Mrs. Duncan, 78 Wellington Avenue, on Wednesday, November 18, for the purpose of making novelties for the forthcoming bazaar, which takes place on Saturday, December 5.

ARMISTICE BALL
WAS GAY AFFAIR
Many Dancers at Empress Hotel Last Evening Celebrated Anniversary

Lavish decorations of poppies and laurel were eloquent reminder of the significance of Armistice Day at the Poppy Ball at the Empress Hotel last evening. The affair is held annually as the finale of the Armistice celebrations and the spirit of gaiety which prevailed among the many dancers showed that the ball is losing none of its popularity with the passing years.

The ball was given under the auspices of the Great War Veterans' Association and was under the distinguished patronage of His Honor the Lieutenant-Governor; Brigadier-General Ross, representing the army; Commander Brabant, R.N.; Major Niven, D.S.O.; Premier Oliver, and representatives of various clubs and organizations of the city.

The committee in charge of the arrangements included Messrs. D. Sheret, president, J. J. Blair, D. G. Holmes, E. W. Jones, F. B. Robinson, E. J. Snowden, J. M. Watt, J. L. Colbert, G. Ingledew, H. F. King, W. G. Stone, T. Wilson, Mrs. Sheret, president ladies' auxiliary; Mrs. Dingwall, Mrs. Hume, Miss Colbert, Mrs. Hall, Mrs. Stone and Mrs. Ingledew.

IN WOMAN'S DOMAIN

SOCIAL AND PERSONAL

Mr. and Mrs. H. T. Willett, of Prince Rupert are visitors in Victoria.

Mr. J. F. Noble of Vancouver is among the visitors in Victoria from the mainland.

LEA & PERRINS' SAUCE

THE ORIGINAL WORCESTERSHIRE on the Table

The monthly meeting of the Esquimalt Women's Institute was held in the institute room of the St. Paul's Parish Hall, Esquimalt, on Tuesday, when Mrs. Booth, the president, in the chair.

Mrs. Nicol, the institute delegate to the district conference of island institutes, gave a very interesting report of the splendid work which is being done by the institutes all over the island. Mrs. Booth supplemented the report, giving a brief outline of the whole of the conference programme, at the close of which she made an appeal to the members to grant a donation towards a family on Valdes Island, who were rendered homeless and destitute by fire, to which the members very generously responded by granting a donation of \$10. The delegates were thanked for their very interesting and comprehensive reports.

After some discussion it was decided to drop the matter of the domestic gas service for Esquimalt, as it was felt that it would be too costly an undertaking.

Arrangements will be made to hold a public meeting on Monday night in the St. Paul's Parish Hall at 8 o'clock, in connection with the proposed Esquimalt War Memorial which is being sponsored by the E.W.I. and public organizations and citizens are asked to attend and to co-operate with this institute for this worthy project.

A donation of \$2 was granted towards the B.C. Potato Show and Seed exhibit. It was decided to hold the annual meeting of the E.W.I. on the regular meeting night next month.

Mrs. Booth, who is the convener of Esquimalt for the collecting of funds for the proposed Solarium, gave a brief outline of the object of the Dominion-wide appeal for funds which will be made next month, and her appeal for volunteer helpers for the collection to be made in Esquimalt was readily responded to. Hostesses for the social hour which followed were Messdames Nicol, Brown, Hansen, Cave and Miss Stevens.

School Observed Silence—The two minutes silence was observed at Lamson Street school yesterday when Armistice Day celebrations included appropriate hymns and the singing of the national anthem. The significance of the occasion was emphasized by the E.W.I. and public organizations and citizens are asked to attend and to co-operate with this institute for this worthy project.

His Honor the Lieutenant-Governor and Mrs. Nicol were among the guests at the informal reception held by Mr. and Mrs. J. T. Cameron at "Rosebush," Moss Street, last evening for Etrem Zimbalist, the famous violinist, following his recital when a number of local violinists were invited to meet the visiting artist.

Mrs. S. Macure, president of the Ladies' Musical Club, received the guests. Refreshments were served in the dining room, the table being attractively decorated with shaggy yellow chrysanthemums and yellow candles in silver sconces. Among the many guests were Mrs. Hermann Robertson, Mr. and Mrs. G. A. Bucklin, Mrs. D.E. Campbell, Mrs. W. G. Wilson, Mr. and Mrs. F. G. Aldous, Mrs. E. Senkler, Mrs. D. R. McCann, Professor Russell, the Misses Russell, Mr. and Mrs. Gideon Hicks, Miss Beatrice Hicks, Mrs. B. Bennett, Mr. and Mrs. A. Scott, Dr. and Mrs. Leslie Wade, Mrs. Cecil French, Mrs. Bannerman-Campbell, Miss Mary and Margaret Campbell, Miss Kitty Macure, Miss Doris Page, Miss Peggy Scott, Miss K. Booth, Miss Jessie Carter, Miss Shrapnel, Mrs. Edwards, Miss Pauline Hall, Messrs. W. Tickle, W. J. Burns, Vernon Smith, and others.

Native Daughters Met—The regular meeting of the Native Daughters of B.C. was held in the Victoria clubrooms on Wednesday evening. Much routine business was transacted and it was announced that arrangements for the court wheel drive which the Native Daughters will hold Saturday evening, November 21, in the same quarters, are well in hand. Many tables are already engaged, and those members or their friends wishing to attend should phone 6176L or 5527R.

Had would like a portrait of you. He is proud of his family. Why not surprise him this Christmas?

NEWS IN BRIEF

The Spanish Municipal Council will meet at Royal Oak to-morrow evening at 8 o'clock.

Two automobile owners were fined in the city police court this morning. Mrs. F. A. Turner, 1, and Catherine Creighton-45, for feeding a keep tail lights burning on their cars after sunset.

An address will be given this evening at the New Thought Temple, commencing at 8 o'clock, by J. S. Woodworth, Labor member of the Federal House for North Centre Winnipeg.

The meeting of the central committee will be held in the Victoria Women's Institute rooms, Thursday, November 19, instead of November 25. A demonstration of Scottish dances will be given by Mrs. G. Watson of Gordon Head Institute.

For non-registration of a motor truck, Alan Jeeves was fined \$10 in the city police court this morning. He had been using one of his brother's licenses, he said. Mr. Jeeves, his brother, paid a \$5 fine for driving a truck with only one license.

The case of Roy Lindley was remanded this morning until Monday next. Monday is fixed as a preliminary date for the hearing in this case after many delays. The defence, W. C. Moreby representing the defendant, is anxious to proceed, the court was told this morning.

The first of the series of lectures on "Ecology," which the Rev. R. W. Connel has consented to give in the Island Arts and Crafts Club Room, Union Bank Building, before the Vancouver Island Prospector's Association will take place on November 20 at 8 p.m., and not on Friday, November 13, as previously announced.

To-night at the Christ Church Cathedral Rev. W. W. Craig, who is conducting mission service every evening this week, will speak on "The Relation of Religion to Young People." The meeting will start at 8 o'clock. Attendance at the mission service is increasing rapidly and an invitation is extended to all.

A note of every street in Victoria where the street sign is not prominently displayed so that motorists and others can easily see it will be made by a committee of the Chamber of Commerce. The new signs will be estimated and a proposal placed before the city council.

The first of the season's invitational dances under the auspices of the Loyal Order of Moose and auxiliary was held in the Caledonia Hall last evening. Considering the inclement weather and counter-attractions, the attendance was fairly good. The music was supplied by the orchestra. The next dance will take place Wednesday, November 25, in same hall, and as practically all the invitations have been taken a record crowd is anticipated.

Reconstruction and repaving of the junction of Yates and Douglas Streets will cost the B.C. Electric Company upwards of \$50,000, Superintendent Tripp this morning estimated. The necessary crossings, points and other special railway trackwork required has been laid in Victoria for some time, and as soon as the city is prepared to start the recently authorized re-surfacing the company will make reconstruction of the tracks.

A preliminary meeting of all those interested in the formation of a British Isles Public Schools Club will be held at the old Christ Church Cathedral schoolroom, situated on Quadra Street, at 8 o'clock on Wednesday evening next, November 18. All Old Country public school and secondary school boys who may be interested in this project are invited. Suitable premises have already been located and means will ensue to bring the club to be inaugurated without further delay.

For lack of a quorum no meeting of the City School Board was held last night. Trustees Beckwith, Maunell and Littlefield watched the clock impatiently, but Trustees Moreby's arrival was too late to make a quorum. The school board meeting was being transacted. Trustee Pedin was out of town and Chairman George Jay was indisposed. The business awaiting attention will be considered at a meeting to be held to-morrow evening.

A series of meetings will be held by the Victoria branch of the British World Federation in Christ Church Memorial Hall from November 12 to 14.

ATLIN PIONEER HERE TO SIGN PAPERS THAT WILL MAKE HIM RICH

Twenty-seven years ago Thomas Kirkland munched into the Yukon with the 1898 soundings in search of gold. Since that time he has been in the country, holding the office of justice of the peace of Atlin.

To-day Mr. Kirkland arrived in Victoria to sign the agreements with a group of New York financiers which will make him a millionaire.

One of the claims he staked and which has been named after him has lately become famous as the Kirkland Gold Mine. It is located in the Engineer Mine property which has been opened up during the last couple of years by Philadelphia interests headed by the Smith family, showing values so fabulously rich that the stock of the New York market this summer rushed up from \$5 to \$110 a share.

NEW REGULATIONS TO PREVENT FEEBLE MINDED COMING TO PROVINCE

First steps in a campaign to keep mentally defective people out of British Columbia and curb the increasing cost of insanity here were taken in the Legislature to-day by Hon. William Sloan, provincial secretary, with a resolution proposing drastic new regulations covering the admission of immigrants to this Province.

TWO INJURED IN STREET SMASHES

Motorcycle Crashes Into Automobile and Fisherman Is Run Down

While riding on a motorcycle with her father, Cornelius Hughes, last night, Mrs. Harold Clark was slightly injured in collision with a motor car driven by James Hargrave at the corner of Cook and Fort Streets yesterday evening. The police patrol was rushed to the scene of the accident and Mrs. Clark was rushed to the Jubilee Hospital, where it was found that she was suffering from shock, minor bruises and a sprained ankle. Mr. Hughes, her father, was not injured.

Yesterday afternoon, while crossing Government Street, George Daones, an elderly fisherman, was struck and knocked down by an automobile driven by William Smith. In Mr. Smith's report of the accident he stated that the man he hit began to cross the street in front of him stopped and then started to walk on again. He was too late in trying to avoid striking him. The man is not thought to be injured seriously.

DELEGATES OF CANADIAN BOARDS OF TRADE WILL VISIT CITY THIS MONTH

(Continued from page 1)

Invitation to the delegates from Eastern Canada to tour Western Canada following the Winnipeg conference, it is proposed to leave Winnipeg on November 19 and return to Vancouver by November 25.

In addition to a long list of subjects already on the agenda, provision will be made for a discussion of matters arising out of the Conference of Maritime Boards of Trade in Charlottetown, P.E.I., on November 5, and the Ontario Boards of Trade which met at Kingston November 6.

The feature of the afternoon session of November 16 will be an address by Sir Thomas White, former Finance Minister of Canada, on the subject, "Canada's Present National Position." This will be a survey in broad perspective from such standpoints as population, trade, debt, taxation, Canadian nationalism and other matters.

THE AGENDA

On the same day John M. Imrie, of the Edmonton Journal, president of the Edmonton Board of Trade, will introduce the subject, "The Needs, Prospects and the Method." In subsequent sessions the following subjects will be introduced and discussed: "Pacific Panama Route," introduced by A. M. Dollar, president of Vancouver Board of Trade.

"St. Lawrence Waterway Development," introduced by Brig-General C. H. Mitchell, Toronto Board of Trade.

"Scientific Research in Relation to Industrial and Agricultural Development," introduced by Dr. H. M. Tory, president of the University of Alberta.

"Commercial Arbitration," introduced by George Henderson, treasurer of the Montreal Board of Trade.

"Customs Regulations for the Protection of Manufacturing," introduced by Paul Joubert, president of the Montreal Chamber of Commerce.

"National Economy and Taxation," introduced by Traverser Sweatman, K.C., past president of the Winnipeg Board of Trade.

"Imperial Trade Relations and Trade in the Empire," introduced by R. O. Bell-Irving, of the Vancouver Board of Trade.

"Developing our Foreign Trade Including Foreign Trade Conferences in Canada," introduced by K. J. Burns of the Vancouver Board.

"Hudson Bay Railway," introduced by the Saskatchewan Board of Trade.

"Formation of Dominion Board of Trade," introduced by A. O. Dawson, president of the Montreal Board of Trade.

Mr. Kirkland is a man of a fortune as a result of his interest in the Engineer Mine, which has become famous because of the fact that it adjoins the Engineer and the Kirkland and because values similar to those of the Engineer have already been reported.

TOURISTS IN FLORIDA ERECT OWN SCHOOL

Kissimmee, Fla., Nov. 12.—Undismayed because local schools were overflowing with children of regular residents, "Tin Can Tourists" here have instituted their own school.

Following a mass meeting attended by tourists, the tin canners decided to erect their own building, elect their own school board, employ their own teacher and prescribe their own course of study.

Doukhobors Request Road Compensation

Interior Doukhobors asked the Government to-day to compensate them for the use of roads in their communities as provincial highways. J. P. Shukin, representative of the Doukhobors, met Premier Oliver to explain this request. He was introduced by Kenneth Campbell of Nelson. The Premier promised consideration of the proposal.

ROTARY CLUB URGED TO SUPPORT Y.M.C.A.

Directors Instructed to Report on Means of Aiding Association

One of the most interesting discussions of the year—featuring a day's luncheon of the Rotary Club at the Empress Hotel, closing with instructions to the directors to examine closely proposals for extending support to the Young Men's Christian Association, and to recommend at next week's luncheon what course should be adopted.

T. R. Myers stepped into the breach caused by failure of a previous programme arrangement and presented to the members a number of criticisms of Rotary collected from many sources. Instead of the expected discussion of these comments, under the leadership of E. Tomlin the debate swung to examination of the practicability of the Rotary Club as a body supporting the Y.M.C.A. A resolution was presented that a copy of the resolution be forwarded to the Y.M.C.A. and that the members desired that a report from the directors as to the feasibility of united action should precede taking a vote.

To commemorate Armistice Day, the members stood to attention while the orchestra played "The Maple Leaf." "Cliff" Denham, a past president of the club, was vociferously welcomed when he made his reappearance at a table after a year's absence from the roll.

ACROSS THE BAY

What British Columbia's Legislators Are Doing

The tired visage of the British Columbia Legislature brightened visibly to-day when the end of the debate on the Speech from the Throne by Friday night seemed as sure as anything can be in politics. Members were not ready this morning to indulge in any more reckless prophecies of a short, snappy session but they admitted that the prospects were not as dark as they might be.

The Conservative Opposition's emphatic announcement that no short snappy session would satisfy it appears now to have been a merry attempt to scare the House at large. After declaring that it would talk as long as it wanted to and longer if necessary, the Opposition suddenly closed up its position on the Government last night without the slightest warning.

J. W. Jones, of South Okanagan, who spoke yesterday, was the last of the Opposition's feature speakers and under plans announced as the House closed no more Conservatives will contribute thoughts on the Speech from the Throne.

It is just possible, however, that one or two more Opposition members will squeeze into the Debate for a few minutes before it is wound up to-morrow with Attorney-General Macpherson's speech on the Janet Smith case. Next week the House will get down to real business.

A REAL PERSONALITY

British Columbia politics has found a real personality in Dugald Macpherson, the new member of the Legislature for Grand Forks-Greenwood. Mr. Macpherson's maiden speech Tuesday was something of an event in the usual run of novices in public affairs he appeared as a man well able to take care of himself in the rough-and-tumble of the House. Opposition members who imagined that Mr. Macpherson would accept their insinuations against him lying down, found themselves badly mistaken in his speech yesterday he returned blow for blow as if he had been accustomed to talk to Legislatures all his life. Government and Opposition members realized at once that a member who will make his mark in politics had come among them.

Mr. Macpherson's canny Scotch insight into the affairs of his part of the country showed itself pretty clearly when he answered the Opposition's charges of cruelty in the handling of the Interior Doukhobors by the Government. After denying this accusation he remarked drily that the Conservative Party's attitude was about the best political propaganda he could have in another election contest. The people of Grand Forks-Greenwood, according to Mr. Macpherson, do not feel that the Government treated the Doukhobors unfairly, and are not likely to vote for any party that would handle the Russian colonists in any other way.

Mr. Macpherson's attitude was about the best political propaganda he could have in another election contest. The people of Grand Forks-Greenwood, according to Mr. Macpherson, do not feel that the Government treated the Doukhobors unfairly, and are not likely to vote for any party that would handle the Russian colonists in any other way.

TUAN IS REPORTED TO HAVE RESIGNED

(Continued from page 1)

There are contradictory reports regarding Tuan's attitude, but the general belief is that he has definitely broken with Chang Tso-Lin, while his most powerful lieutenant, General Tsoh Wei-Chun, Governor of Honan, is reported to have thrown in his lot with the allied Yangtze forces.

HEAVY LOSSES

Mukden, Manchuria, Nov. 12.—A communique issued by the headquarters of Marshal Chang Tso-Lin admits the losses of the Manchurian forces in the recent fighting in the region of Haichow and Kueichow were very heavy, 2,000 being killed.

The communique places the losses of the Chekiang enemy at two brigades.

Many Coming Here From Prairies to Escape Bad Winter

Heavy influx into Victoria of prairie people this winter was predicted here to-day by C. E. McPherson, assistant passenger traffic manager of the C.P.R., who arrived at the Empress Hotel this morning on his periodical business visit.

The prairie farmers are now in a better financial position than they have experienced for years and with the exceptionally severe winter which started there early, they will want to get to a milder climate for part of the season at least, Mr. McPherson said. He declared that the heaviest travel in this direction would start after New Year's.

Fourandex Banquet To Mark Armistice

The annual commemorative banquet of No. 5 Company, Fourandex of Canada, will be held at 7.30 p.m. Saturday, at the Armistice. The guest of the evening will be His Honor Lieutenant-Governor W. C. Nichol, Col. Cy Peck, V.C., M.P.P., will speak on the military operations of 1917. Members of the organization from Vancouver will attend, and there will be a military band from the Forty-Eighth of Seattle and Port Angeles.

Empress Takes Out Large Canadian Cargo to Orient

Vancouver, B.C., Nov. 12.—Healthy trade conditions between Canada and the Far East are reflected in the heavy cargo of Canadian goods and products carried out of this port on the Canadian-Pacific S.S. Empress of Asia, which cleared at noon to-day. Ninth her capacity tonnage and almost 400 passengers.

A record shipment of 8,000 boxes of apples was shown on her manifest, which also includes 800 tons of Canadian flour, 150 automobiles and 100 tons of Alberta beef.

Why Bald So Young!

Cuticura Will Help You

To prevent loss of hair. Dandruff, usually the cause of premature baldness, may be easily removed by regular shampooing with Cuticura Soap, preceded by touches of Cuticura Ointment. This treatment keeps the scalp clean and healthy and promotes hair growth.

High School Teams Battle In Initial Thomson Cup Game

Victoria and Oak Bay, Hot Rivals For Years, Meeting To-morrow Afternoon

Locals Bent on Redeeming Themselves Over Last Year's Reverse

Two of the hottest rivals in local rugby circles will meet to-morrow afternoon at 3.15 o'clock at Cranmore Road when the senior teams of the Victoria and Oak Bay High Schools clash in the first game of the Thomson Cup series. The team which wins two out of three games earns the right to play-off for the Island championship, the winner of which meets the Mainland champions for the provincial honors.

WILL BE HARD GAME

Both the Oak Bay and Victoria High Schools are determined to make a good showing in the initial match of the series. They have carefully prepared for the struggle. Oak Bay, winner of the series last season, are again very strong, particularly in their back division, and the Victoria fifteen will have its hands full trying to get through for tries.

On the other hand Victoria are bent on redeeming themselves for the unexpected reverse last year. Coach Harry Smith, with the assistance of Physical Instructor Brandreth and Mr. Weber, has been carefully training the team through the week. Victoria are stronger than last year, and the students are all pulling for their team to win.

WHAT THEY HAVE DONE

Oak Bay have defeated the University School this season and have shown good speed in all their work-outs. Victoria have a more impressive record. They have beaten the University School, and have rubbed the noses of the Normal School in the dirt. They have also a tie game with the Victoria College to their credit.

The game which should be a thrilling battle all the way. The youngsters have speed and stamina, and will keep the pace hot from start to finish. The game always attracts large crowds, and to-morrow should set a record.

The first rugby game between the Victoria and Oak Bay High School junior teams took place yesterday at the grounds of the former with Victoria winning by 10-0.

The game was well contested. Oak Bay by their splendid tackling, gave the city team all the fight they wanted. Both teams displayed skill and speed. The game was very soft. Some fine runs went to the credit of Victoria. Bryant, in particular, making several brilliant dashes, was only prevented from scoring by excellent defence work by Oak Bay.

The lone score for the High School was made by Florence, the heavy forward, who picked the ball out of a loose scrum and went over.

The teams were:
Oak Bay High School—Best, Edwards, Sutton, Fisher, Thorne, Storey, Robinson, Jones, Cooper, English, Georgeson, Backler, Young and Davis.
Victoria High School—Vickers, Bryant, Kinnaman, Hunter, Spence, Collier, Clarke, Locke, Parrot, Gann, Gates, Keith, Robins, Florence and Nagel.

First Round Will Be Played Sunday In Feezy Match

The draw and starting times for the first round of the match play for the Lewis Feezy Cup handball tournament, to be played at the U.S. Golf Club on Sunday, are as follows:
9.00—A. Sheret vs. play-off No. 1.
9.05—L. Glazun vs. A. Lawrie.
9.10—A. C. Falk vs. H. E. Hunnins.
9.15—C. Morrison vs. play-off No. 2.
9.20—A. F. Thomas vs. J. R. Hiberson.
9.25—S. J. Halls vs. F. H. Blashfield.
9.30—A. Y. Price vs. J. B. Lambert.
9.35—J. Savident vs. D. A. Macdonald.

Three-quarters of the difference in handicap will be allowed and players are asked to be on hand and ready to start at the times allotted.

NEW YORK TAKES A WHOLE CANADIAN TEAM

Entry of the United States into hockey in a serious way is proving hard on Canada. Amateur players are flocking across the border. They have been going in twos and threes for several years but now they are going in bunches. The whole Sault Ste. Marie hockey team, winners of the Allan Cup in 1924, have gone to New York to play for the Knickerbocker Hockey Club. Of course they will play amateur hockey. Among the Sault players who are going to New York are such stars as Flat Welsh, Babe Donnelly, Dr. Stan Brown, Roy Lessard, Bill Phillips and Johnny Woodruff.

Vancouver Maroons Have Twelve Men On Roster This Year

Waite Likely to Prove a Sensation; Three New Faces Sure to be Regulars

Vancouver, Nov. 12.—The roster of the Maroons for the season is complete. There will be three, possibly one more, new faces and seven of the old guard built around the "original" foundation, that is Hugh Lehman.

Frank Waite, Reg. Mackey and Rusty Crawford are the new men, and Waite may develop into a sensation. From goal out here is the 1925-26 Maroon machine. Goal, Lehman; defence, Moran, Mackey and Bostrom; forwards, Frank Boucher, Mickey Mackay, Ty Arbour, Frank Waite, Crawford and Reinkind. Dave Smith, McLeannan and Mackay, a Prince George player, are amateurs striving for a place in the sun of hockey. Every regular in the job already with the exception of Lehman, Arbour and Crawford.

Lehman will be in town by November 16 and Arbour is on his way. He should be in the city not later than Friday.

Chess Champion is Held to a Second By Russian Master

Moscow, Nov. 12.—The second round of the international chess tournament was played yesterday. Jose R. Capablanca, Cuba, the world's champion, drew with Romanovsky, Russia, making the second draw game of the champion who played against Dr. Lasker in the first round.

BALL PLAYER BURIED

Aberdeen, Wash., Nov. 12.—Funeral services for Ralph Frary, former big league player and umpire, who died here Sunday, were held yesterday afternoon.

Frary played with Portland and Spokane teams of the old Northwest League nearly twenty years ago.

Joe Harris's Hitting Lengthens His Life In Major Leagues

Slugging Outfielder of Washington Will Not Pass Through Slowness of Foot

Washington, Nov. 12.—The batting of Joe Harris in the world series added at least three more years to his career as a big leaguer. Harris, always a good batsman but slow of foot and none too certain as a fielder, has ever had his troubles winning a regular position in the majors.

As a matter of fact, Joe, during all his career under the big tent, has played nothing more than first base or in the outfield.

International Football Loop On This Continent Is Mooted

Montreal, Nov. 12.—According to Sam Davidson, secretary of the Dominion Football Association, who arrived here yesterday from New York, where he conferred with United States Football Association officials concerning subjects of mutual interest to Canada and the United States, "everything looks good" for an international football league, which would bring in New York, Boston, Brooklyn, New Bedford, with two Montreal clubs, two Toronto clubs and possibly one from Detroit.

FRAYNE BEATS FOLEY

Bellingham, Wash., Nov. 12.—Marty Foley, Tacoma light heavyweight, absorbed a lot of punishment in his six-round bout here last night and lost a decision to Ted Frayne, Seattle.

In the semi-final Ray Clark, 140 pounds, Bellingham, gained a technical knockout over Husky Cookson, Seattle, in the fifth round of their scheduled four-round bout.

Al Gallagher, 137 pounds, Vancouver, B.C., and Johnny Woods, Seattle, fought a four-round draw.

EX-OLYMPIC CHAMPION WINS

Portland, Ore., Nov. 24.—Robin Reed, Portland welterweight wrestler, and ex-amateur Olympic champion, defeated Johnny Maurus of Oakland in a two-hour match here last night. There was only one fall in the match, and Reed took that, in the third round, before three minutes, twelve seconds before the finish with a double arm scissor.

Pictorial Golf Instruction

By H. B. MARTIN
Three-quarter Swing Sufficient for Sand Trap Shots

Golfers who fall into the trap of getting out of a sand trap should stop and wonder why. Most players take a full swing at the ball from an upright position while others try to pick the ball out with the club. The only safe and sound way is to explode the ball out. The club must be brought down as directly from the top of the swing as possible and in no case should it be a long one. A half or three-quarter swing is sufficient. Hit well behind the ball and make sure to go through the sand. The grip is not tight at the beginning but there should be no slackness at the impact. Just as in the drive we tighten the hold just before the impact to make sure that the club does not turn in the hand.

Victoria Cougars Left Winnipeg For Montreal To-day

Champs Will Reach Eastern Metropolis Saturday and Workout in Afternoon

Babe Dye Elected Captain of Toronto; Winnipeg Excited Over New Amateur Loop

Winnipeg, Nov. 12.—After a week of fast workouts here during which they displayed excellent form the Victoria Cougars, world's champions, left for Montreal this morning. They play the Montreal team on Monday night and the Canadians on Wednesday.

Montreal, Nov. 12.—Lester Patrick and his Victoria Cougars will arrive in Montreal Saturday morning from the West, according to a telegram received here from the manager of the champions requesting a practice period Saturday afternoon.

The Cougars who took the Stanley Cup from Canadians last season in the series played at Victoria, are to play two games at the Forum next week, meeting Montreal Monday night and the Canadians Wednesday evening. Inter-city fans are centring between the centre players. Victoria have the famous leander, Frederick Jackson, former member of the Winnipeg Falcons, who captured the Olympic hockey title for Canada in 1920. Against him Montreal will have Nelson Stewart, their recruit from the Cleveland amateur team. In the game with Canadians the speedy Howie Morenz will be at centre ice.

Toronto, Nov. 12.—After electing Cecil "Babe" Dye, as captain, the St. Patricks N.H.L. team held their initial workout of the season yesterday with thirty players reporting for duty. Dye had only been on the ice for half a minute when he was cut over the eye by John Bonaghi. Dye was back on the ice in a few minutes, however, but did not cut loose to any extent.

"Happy" Dye was the one to catch the rubber "Winter" Day recently returned from Western Canada, where he has been harvesting, and reported for the practice today in mid-season form. Porter, substitute goalie from Edmonton, is considerably older than was first reported. He handles himself like a veteran, and should be a useful player for St. Patricks.

Winnipeg, Nov. 12.—The newly-formed "International" Amateur Hockey Club—the Central League—is gaining wide favor among hockey fans of this city, and prospects of old-time peppy league fixtures are in sight.

Winnipeg will be represented in the league by the Maroons, composed of some of the best talent in the Manitoba Amateur Hockey Association, while the United States teams have many former star Manitoba players, and the Soo, Ont., aggregation, a classy lineup of Ontario players. Many of the players are of championship class, and in their workouts have shown bright prospects.

The new league is composed of six teams: the Soo, Winnipeg, St. Paul, Minneapolis, Duluth and Eveleth-Hibbing.

A proposed series between the Minneapolis Rockets and the Calgary Tigers and Victoria Cougars, professionals, has been cancelled.

The Winnipeg officials announced they would have to withdraw from the league if the Rockets played against the professionals. Instead of this series, Winnipeg will go to Minneapolis on November 24 and play an exhibition game with the Rockets.

Mike Goodman, former star of the world champion Sault Ste. Marie, has been reported for duty with Duluth.

Calgary, Nov. 12.—With a record attendance and the most enthusiastic gathering in history, the Alberta Amateur Hockey Association at its annual meeting held here yesterday paved the way for another successful season.

Some of the more important features of the long day's grind which was presided over by Dr. Sandbrook, at which exceptionally keen interest was shown by every one, was the election of A. B. King of Okotoks, as president, succeeded by Sandbrook, who retired after many years of faithful service; the urgent need of hearty co-operation from Northern Alberta; official recognition of ladies' hockey; placing a stringent bye in connection with junior, juvenile and midget hockey, which demands a birth certificate from all players, the unanimous election of Secretary E. D. Battram, incidentally voting him a handsome honorarium, and many other matters of legislation intended to elevate as well as beautify the winter pastime in the province.

New Zealand Rugby Team May Pay Visit To British Columbia

Vancouver, Nov. 12.—Word has been received here by rugby officials that the French rugby team is not touring Australia until 1927, but that a Maori team will tour France next year, and it is expected that a New Zealanders will play in Vancouver either on the journey to New France or on the way home.

Financially the tour of the Edmonton rugby team was not a success, as the crowd did not turn out as well as was expected. In all other respects it was successful, and the visitors were given a good send-off when they left for home on Monday night.

TUNNEY'S KNOCKOUT OF MADDEN DID NOT BRING EXPECTED MATCH

New York, November 12.—When Gene Tunney flattened Bartley Madden recently he did something no other fighter had ever been able to accomplish. And along Scrambled Egg row these days you hear whisperings about that knockout.

You hear Madden got \$25,000 for his end and that the bout was designed primarily to "build up" Tunney as the foremost challenger for the heavyweight championship.

This may or may not be true. If Madden was paid \$25,000 he got exactly \$24,500 more than he was worth. Madden was ready to be knocked out by any fairly good hitter. The fact that Harry Wills and others had tried to knock him out and failed is of no great importance.

It was Wills and the others who "softened him up." It has been recently pointed out that no fighter ever gets better after taking a severe beating. And Madden has taken more severe beatings than any heavyweight in the game. What is more he had not fought for months previous to the Tunney engagement. Indeed, he had not even been in training.

In view of these circumstances Tunney should have had no trouble in scoring a legitimate knockout, and the general belief is that is what he did. If Madden got \$25,000 he got it for coming back to the ring after he had practically retired, not for taking a "dive."

HOW HE FIGURED IT
Tunney felt he needed a knockout over Madden in his record to make his campaign for a Dempsey match all the stronger. Tunney's line of reasoning was to be this: "I am your foremost challenger. I did something 'Wills' couldn't do—I stopped Madden."

It didn't work, for within a few hours after the Madden knockout Dempsey was active in Michigan agreeing to a championship fight with the negro. Thus a very shrewd piece of "building up" has fallen absolutely flat.

UNIQUE SITUATION IN FISTIANA
His situation is almost without a parallel in heavyweight history. He knocked out Tommy Gibbons who was good enough to hold Dempsey off in fifteen rounds when Dempsey was a real champion. He stopped Bartley Madden who was good enough to hold Wills off in twelve rounds when Madden was a better fighter than he is to-day. And yet he is forced to sit back and see the championship chance go to another.

I am not saying that it took a great fighter to knock out Gibbons or Madden but these two knockouts seemed necessary to qualify for a crack at the title and Tunney put them over.

However, Dempsey may never fight Wills, and many doubt if he will ever fight Tunney. Dempsey has already turned up his synthetic back at a fight guarantee of \$50,000 to take on Tunney and in a recent statement he admitted publicly that Tunney would give him a better fight than the negro.

"I'm after the jack," said the champion, "and I think the Wills bout will bring it."

Charlie Perkins to Follow Jimmy Huish As Vancouver Pro.

Vancouver, Nov. 12.—Directors of the Vancouver Golf and Country Club have selected Charles H. Perkins, noted Brantford, Ont., professional, to succeed Jimmy Huish as pro on January 1, 1926.

Connie Mack Wants Rangy Infielders Instead of Midgets

Philadelphia, Nov. 12.—Connie Mack says he is through experimenting with undersized infielders. The tall leader of the Athletics insists he wants only large-sized infielders in the future, from five nine inches to six feet being the ideal height.

Ty Cobb, on the other hand, is rather partial to the half-pint sized infielders. He regards Jackie Tavener, who is the smallest infielder in the American League, the equal of any of them in fielding.

Mack has had the six-foot infielder in his thoughts for some time. It is said after he watched the brilliant play of Wright and Traynor of Pittsburgh, he was convinced more than ever that the rangy infielder has the edge.

Mack not only figures the big fellow has the advantage in the field but also deems it that extra poundage and height tends to give him more punch at the plate.

Scottish Football Team Too Strong For Irish Eleven

Gallagher, Scottish Centre Forward, Scores Five Goals; Final Score Was 7-3

Belfast, Nov. 12.—The Scottish team defeated the Irish eleven in an inter-league soccer, football game here yesterday by seven goals to three.

The game started briskly, both sides attacking in turn. After five minutes, Smith ran down and centred, for Craig to score.

Bothwell came into possession near the Scottish goal and put in a splendid shot, which White had difficulty in clearing. In Scottish raid, McGarry, receiving from Gallagher, shot from twenty yards out. The ball hit the bar. Gallagher secured and scored after twenty minutes of play. A moment later, as a result of an Irish rush, Daley netted, but he was declared offside and the goal disallowed. Then Thompson centred and Gallagher headed through. Ten minutes from the interval Waite kicked a penalty goal for Ireland, and just on time Gallagher netted Scotland's fourth.

GALLAGHER SCORES AGAIN

At the reopening of the game Scotland pressed. Smith passed to Gallagher and the Ardaraian's player again headed through. A fine Scottish movement brought McKay up to the goal. He shot, and Adams, in clearing, dropped the ball. Gallagher rushed in and scored. Scotland again applied pressure and Smith registered. Ireland improved after this, and Madden scored. Three minutes from the end of the match Waite netted Ireland's third goal.

Scottish—W. White (Hearts); Sutton (Aberdeen) and McQueen (Airdrieonians); McKay (Rangers) and Ferrie (Motherwell).
Irish—Adams (Portadown); McSweeney (Glenrath) and Burkinson (Distillery); Garrett (Distillery); McDonnell (Airdrieonians) and Craig (Rangers); Smith (Hearts); Thompson (Celtic); Gallagher (Airdrieonians); McKay (Rangers) and Ferrie (Motherwell).

Irish—Adams (Portadown); McSweeney (Glenrath) and Burkinson (Distillery); Garrett (Distillery); McDonnell (Airdrieonians) and Craig (Rangers); Smith (Hearts); Thompson (Celtic); Gallagher (Airdrieonians); McKay (Rangers) and Ferrie (Motherwell).

Eight Clubs Will Compete This Year In Carpet Bowling

Opening Game Scheduled To-morrow Night Between Saanich and St. Mark's

Eight teams entered in the Capital City Carpet Bowling League at the meeting held last night in the Y.M.C.A. These clubs have registered nearly seventy players, which shows the great amount of interest being taken in the league.

The opening game of the season will be played to-morrow evening when Saanich will meet St. Mark's. The game will be played at the Burnside Centre, Harriet Road, and will commence at 7.45 o'clock. George Vallance will skip the Saanich team, and Rev. H. V. Hitchcox will direct the St. Mark's players.

Games arranged for next week are as follows:
Monday—Willows "A" vs. Burnside.
Tuesday—Willows "C" vs. Willows "B".
Wednesday—St. Johns vs. The Imps.

Games will be played on the carpet of the first-named club.
The feature game of the first round should be witnessed at the Willows on Monday evening between teams skipped by Tom Bryant and Frank Byng.

A letter was received from F. J. Byng, honorary president, to the effect that he would present a trophy to the winners at the close of the season. The trophy will be for annual competition.

The representatives of the various clubs forming the league at last night's meeting were: John Pater, Saanich; P. P. Handley, Burnside; W. Kirchin, St. Marks; S. C. Hawkins, St. Johns; R. H. Huddlestone, The Imps.; T. Bryant, Willows "A"; Jas. Lelper, Willows "B"; and F. H. Saunders, Willows "C".

Colonist Will Meet Eagles In Opening Of Bowling League

To-night the City Bowling League will get under way, when the Colonist and Eagles meet at the Pemberton alleys. A good game is expected, as both teams have been training hard for a strenuous season.

On Friday night the Commercial Travelers and Colonist Night Owls will clash.

Great interest is being taken in bowling this season by the ladies, and almost every day there is a good attendance of the fair sex. Some splendid scores have been hung up so far and it is possible that a league will be formed for them.

A meeting of the City and Commercial League will be held at the alleys on Friday night at 7.30 o'clock. Every team is asked to have a delegate present, as important business will be discussed.

The teams for to-night's game will be as follows:
Colonist—Chislett, Kennedy, Brooks, Harness, Hawkins and Buckle.
Eagles—Fratell, Miller, Moore, Moulton, Bell, Potts and Neil.

Cricketers to Meet
A meeting of the Victoria and District Cricket Association will be held to-morrow evening at 7.30 in the Chamber of Commerce rooms. Very important business is coming up and everyone interested in cricket is invited to be present.

Even stubborn, unruly or shampooed hair stays combed all day in any style you like. "Hair-Groom" is greaseless; also helps grow thick, heavy, lustrous hair. (Adv.)

PITS HIS STRENGTH
AGAINST WILD BULL
IN COLUMBIA FILM

An unusual and startling type of western drama, in which an element of the supernatural has been caught and sustained with fine skill, provides Fred Thomson with his latest starring vehicle for F. B. O. entitled "The Wild Bull's Lair," which will be shown at the Columbia Theatre to-day. One of the most spectacular scenes that has ever been shot for a picture is that in which Thomson engages in a hand-to-hand, or rather a hand-to-horn struggle with the Wild Bull, to save the life of the heroine and her father. "Bulldozing" a bull is no child's play, even for an athlete of Thomson's reputation, and the picture plainly proves the oft-made

Capitol—"The Knockout."
Coliseum—"The Boy."
Playhouse—"Bringing Up Mother."

assertion that the master of Silver King will not permit a double to do his work for him. Indeed it is doubtful whether Thomson could get a double to do the stunts that he is able to do himself. "Silver," Fred's famous horse, has a fine part in the current production, which bears all the earmarks of Thomson's best picture to date. The photography is superb, and the shots of the big bull silhouetted against the sky as he gazed down challengingly on the domain which he terrorizes are gorgeously staged. The cast and direction is excellent throughout.

SILLS STAGES HIS
GREATEST BATTLE IN
"THE KNOCKOUT"

Film fans who remember Milton Sils' great fight in "The Spoilers" will see him battling again and in the same boots and corndog suit when First National presents "The Knockout" at the Capitol Theatre.

They will see the outfit in a fight which Sils declares is even greater than his fight in "The Spoilers."

It is one of the most stirring scenes in the picture and shows Sils and a giant lumber camp boss battling in the middle of a turbulent river on floating logs which are rushing downstream with the Spring freshet.

Nature unexpectedly aided the filmmakers in this thrilling scene, for two trees towering seventy-five feet high fell into the river during the fight, narrowly missing Sils and his opponent.

"I guess this suit carries a charm with it," said Sils. "In it I made my greatest fight in pictures. I laid it away and have kept it since. Now I feel that a tree greater than that of 'The Spoilers' has been made, and it was done in this suit. I think I'll keep it for all time."

Picturized from the Saturday Evening Post story, published as one of the most successful novels of the year, "The Man from Ashluna," comes to the screen under the title "On the Stroke of Three."

Harmon Weight, formerly director of George Arliss, has put an exceptional cast to the task of interpreting this entertaining drama with Midge Bellamy, Kenneth Harlan and Mary Carr in the featured roles. Others who appear to excellent advantage are John Milne, Eddie Phillips, Dorothy Dahm, Edward Davis and Robert Dudley. The story retains all the virile quality and dramatic intensity which characterized it in its literary form, and proves anew the value of good material in making a good picture.

"On the Stroke of Three" is the first of four features produced by Associated Artists Corporation for F. B. O. motion picture fans.

News of interest to players of this city comes in the announcement of the return of "Blossom Time," the charming operetta which created such a furore in New York during its run of more than two years, and which the Messrs. Schubert will present here at the Royal Theatre for a three-day engagement commencing Thursday, November 12.

The story of this play with music is based upon the life of Franz Schubert. The scene is laid in Vienna. Shortly after the death of Schubert there was published a novel based on an incident in his life. Out of this material grew a highly successful musical piece from the hands of Winzer and Reichert, in which was introduced melodies from Schubert. Dorothy Donnelly has entirely rewritten the fable and has supplied a new set of lyrics. The music is from melodies by Franz Schubert and H. Berte, adapted by Sigmund Romberg. It is altogether a charming love story that has been made use of by Schubert. In the play, is already famous, but at times is sadly in need of food, and his friends watch over him that they may supply this deficiency when it occurs.

The first act occurs at an outdoor restaurant in the famous Prater Park in May, 1828. At this restaurant there gather three pretty little maidens—Mizzi, Fritzl and Kittl. They are famous all over Vienna for their prettiness and charm. Schubert falls in love with Mizzi. There is some doubt as to the girl's love, as to whether it is true love or admiration for the composer's great ability. But Schubert has many of her friends—the Baron Von Scholer, a prima donna named La Bellabruna, and various other people who enter his life. The prima donna thinks Von Scholer is in love with Mizzi and she hopes to separate them.

THE CARTHUSIAN MONKS ARE NEVER SICK

The above fact shows what a vital thing is proper food. These monks living their simple life within monastery walls, in Surrey, England, have been practically disease free for many years, save such diseases as are incident to old age.

Not many months ago "tu prostrated the entire district in which the monastery is situated, yet not a single case developed among these monks. The national health authorities investigated and attributed their immunity from disease to their simple diet of whole grains, milk, vegetables and fruits.

Dr. Robert G. Jackson of Toronto, Editor of The Dietetic Age of New York City, has long claimed that most of our diseases are due to the refinement or denaturation of our chief foodstuffs, the grains, aided by white sugar. He has invented Dr. Jackson's Roman Meal, a natural grain food made from whole wheat, whole rye, flax and bran, to compensate the deficiencies of white flour and refined cereals. Plenty of Roman Meal, milk, vegetables and fruits will work wonders in the health of the Canadian people. Dr. Jackson was himself a wreck at 56, when he invented Roman Meal, but at the age of 65 his physique is better than that of 9 out of every 10 men regardless of age; thanks to the wonderful body-building properties of Roman Meal. Used persistently, it will do as much for anyone. At grocers. (Adv.)

WESTHOLME CABARET

Grand Opening

Thursday, November 12
Splendid Musical and Dancing
Numbers, featuring

Pat McCulloch

America's Premier Dancer, and
His Company of Entertainers.

Jewel starring vehicle which Svend Gade directed, Miss Philbin and Miss Francis, both play the roles of fashion mannequins.

It is a tensely dramatic love story adapted from "The Best in Life," sensational novel by Marie Hine.

CLEVER COMEDIANS
ROCK COLISEUM
WITH LAUGHTER

George Olsen and Will Marshall never had a better opportunity to team together in comedy better than that which they have this week at the Coliseum in "The Boy," the musical version of Placido's London success "The Magistrate."

These two clever comedians rock the house with laughter. The scenes in the cabaret to which the boy lures the magistrate and the duet in which they appear comprise some of the best singing and acting ever put on in Victoria. Mr. Olsen is also given the chance to demonstrate that ability he showed as a member of the Grand Opera Company in a comedy song set to grand opera music.

Jingle. "I lent my nice doll to my sister Jangle and she put Matilda to sleep in the rag bag. Then we forgot about her and mother sold the rag to a tin peddler."

"And I bought the bag of rags from the tin peddler and I was bringing the rags to you, so you could make a rag doll, when I met Uncle Wiggily and all the rest happened," said the monkey.

"Well, before anything more happened, we had better go through the hollow tree passage into my bungalow," suggested Uncle Wiggily. "If winter is here and it seems it is because it is snowing you will want to sit by the fire and get warm."

"It's snowing hard," said Jingle, looking out through a crack. "Oh, what fun we'll have in the snow!" Uncle Wiggily began counting the money in his pockets.

"Why do you do that?" asked the monkey.

"I want to see if I have enough to buy a new snow shovel," said the rabbit gentleman. "It's all right—I have," he went on, putting the money back in his pocket. And just then the monkey knocked on the door of the woodshed tree and a voice cried:

"Let me in! Let me in, please!"

"Shall I?" asked the monkey gentleman.

"It may be one of the bad chaps!" warned Jingle.

"None of them would say please," decided Uncle Wiggily, after a moment's thought. "Open the door."

And when the door was opened, in jumped Sammie Littletail, the rabbit boy, covered with snow. Sammie carried a tin horn, which he tried to blow, but he could make no sound on it.

"That's enough," laughed Jingle. "We don't want any fluff to-day."

"I'm not selling fluff!" exclaimed Sammie. "But I don't see why this horn doesn't blow. You try it, Uncle Wiggily!"

Just as the rabbit gentleman put the horn to his lips, all of a sudden the woodshed tree seemed to be lifted off the ground as if it were a balloon.

"Oh, where are we going?" cried Sammie. "But no one knew. However, you shall be told to-morrow night if the teapoon doesn't turn inside out and put some sugar in the salt cellar."

With the object of forming a British Isles Public Schools Club in Victoria a meeting has been called for November 13 at 8 o'clock in Christ Church Schoolroom, Quadra Street.

Anyone who has attended a public school or grammar school in the British Isles is invited to attend the meeting.

ENDED YEARS OF BAD HEADACHES

"Fruit-a-lives Completely Relieves all Form of Headache"

MRS.
HONORE
VALIQUETTE

"For over three years, I was troubled with very bad headaches. Nerveous, Dyspepsia, and Liver Troubles. Then, I began taking 'Fruit-a-lives.' Very soon my condition improved, and thanks to these wonderful fruit tablets I am once more entirely well."

The wonders of the famous Fruit Treatment are only revealed when you read a letter like this, which comes from Madame Valiquette, 1133 Notre Dame Street, W., Montreal.

"Fruit-a-lives" is the juices of apples, oranges, figs and prunes, intensified and combined with tonics and forms a complete fruit treatment for Stomach, Liver, Kidney and Skin troubles.

See and buy a box at dealers or sent by Fruit-a-lives Limited, Ottawa, Ont. (Advt.)

SIR JOHN POWER SPEAKS ON NEAR EAST

Montreal, Nov. 11.—Speaking on the development of the Near East under British rule or through mandates from the League of Nations, Sir John Power, member of the British House of Commons for Wimbledon, Surrey, speaking before the Montreal Canadian Club yesterday, emphasized that Great Britain was in the Oriental lands "by force of circumstances and the will of God." He outlined the tremendous improvements in government and in ordinary life under British jurisdiction and indicated the British people regarded the task in the East as part of the mission of civilization and as a portion of the "white man's burden."

Children's Colds

Life's best treated essentially. Check them overnight without "dosing" by rubbing Vicks over throat and chest at bedtime.

**ABLE TO DO
HOUSEWORK NOW**

Sick a Year. Got Great Benefit from Lydia E. Pinkham's Vegetable Compound

Bloomington, N.S.—"I took Lydia E. Pinkham's Vegetable Compound for pains and backache, also for nervousness, sick headaches and sleeplessness. I was troubled in this way for over a year, and a friend told me about the Vegetable Compound and induced me to take it. I must say I have received great benefit from it and am able to do my housework now. I recommend the Vegetable Compound myself and am willing for you to use this letter as a testimonial."

Mrs. WILLIAM MORSE, Bloomington, Annapolis County, Nova Scotia.

Do you know that in a recent canvass among women users of the Vegetable Compound over 220,000 replies were received. To the question, "Have you received benefit by taking this medicine?" 98 per cent. replied "Yes."

This means that 98 out of every 100 women are in better health because they have given this medicine a fair trial.

Mrs. Morse is simply another case of a woman receiving "great benefit." Women suffering from the troubles so common to their sex should listen to what other women say who have experienced the same sufferings and found relief. Give this dependable medicine a chance—and at once. It is sold at all drug stores.

FRUIT INDUSTRY NEEDS INSTANT AID, SAYS JONES

Interior Member Outlines Irrigation Reform Schemes to Legislature

After making an exhaustive statement of the problem confronting the irrigation districts of the Province and criticising the Government for failure to deal sympathetically with the farmers in the dry belt who were finding it utterly impossible to meet water levies of from \$15 to \$20 an acre, J. W. Jones, Conservative Member for South Okanagan, yesterday proposed to the Legislature, a series of alternative measures of relief which he asked the Minister of Lands, Hon. T. H. Pattullo, to consider.

The schemes were:

1. That the Province assume one-half of the \$2,000,000 or more of loans advanced to the irrigation districts.
2. That Government ownership of reservoirs and main canals be adopted.
3. That the Government rebate interest charges on the capital invested in irrigation systems, about \$120,000 a year.
4. That water rates be levied according to the crop-bearing value of the land, instead of treating all land alike.

The critical situation now existing in the interior, he said, was such that farmers were being forced off the land leaving the burden all the greater for those who remain.

"The Minister of Lands has said it was unmoral for these people to demand adjustment of their loans," said Mr. Jones.

"What I said was unmoral was for them to ask to borrow the money and try to repudiate the debt," replied Mr. Pattullo.

NOT REPUDIATING

"We do not repudiate," replied the Member. "The sturdy farmers are prepared to go to the utmost to meet their obligations. But if it is unmoral for them to ask for adjustments let me ask who is paying the \$4,000,000 that is sunk in the Oliver scheme? The whole people of the Province are paying that? Was it moral for the Minister to offer 20,000 acres of public land in Kootenay flats to a syndicate if they would develop those lands? Was it moral for \$3,000,000 Provincial funds to be invested in Sumas reclamation when the people were assured the cost would be only \$1,000,000?"

"That is not true," interrupted Premier Oliver.

"The people who attended that meeting at Huntington say it was true; I have their letters," retorted Mr. Jones.

JANET SMITH CASE UP

Mr. Jones expressed amazement at the complacency with which the Members of the Government held their seats in the face of charges more grave than any he had ever heard uttered in the Legislature—that seats were illegally held by the Liberal Member for North Vancouver and Kamloops, that bribery had been used and money paid out to influence the vote in another by-election.

QUOTES EVIDENCE

"Then we have the statement given in evidence the other day that the Attorney-General did not want to share anything about the abduction of Wong Sing," continued Mr. Jones.

"That statement is not true," said Attorney-General Manson.

"It was the sworn statement of J. H. Senkler, an eminent King's Counsel," replied Mr. Jones. "I leave it to the House whose word is the more to be relied upon, his or the Attorney-General's."

"Mr. Senkler when he said that, admitted that he could not recall the facts and there was very little difference between his statement and mine," said the Attorney-General.

"I explained the incident that I refused to receive any information in confidence on such a subject. You can't get away with that kind of thing in this House."

EVIDENCE ONLY

"I can get away with the truth," said Mr. Jones, "and I am quoting the evidence given by Mr. Senkler."

Mr. Jones then referred to last Sunday's Seattle Post-Intelligencer, which carried an item about a proposed mass meeting in Vancouver to deal with "the manner in which Government officials were involved in the abduction."

UNFAVORABLE PUBLICITY

It was deplorable, he said, that conditions should come to such a pass that foreign newspapers should discuss the administration of justice in this Province in that way. He mentioned that the pictures of Mr. Manson and O. B. V. Robinson illustrated the story.

IN GOOD COMPANY

"The Member is in excellent company when he gets down to the level of Robinson and that type of yellow paper," interrupted Mr. Manson. "I am surprised at any Member getting down in the gutter in that way. Does my honorable friend associate himself with that news item?"

"I am merely pointing out that foreign papers are discussing the administration of justice in this Province," replied Mr. Jones.

QUEBEC IS TO HAVE FOUR BY-ELECTIONS

Quebec, Nov. 12.—Four provincial by-elections will be held in Quebec on November 30, in Jacques Cartier, Argenteuil, Champlain and Berthier. The necessary Order-in-Council was signed yesterday. Nominations will be held November 23.

The vacancies in Champlain and Berthier were created by the appointment of Dr. Bruno Bordeleau, Champlain, and S. Lefreniere, Berthier, as registrars for their respective counties.

Jacques Cartier was made vacant by the resignation of Hon. E. L. Patenaude to run in the Federal general election, while the Argenteuil vacancy occurred with the death of John Hay. All the seats except Jacques Cartier went Liberal in the last election.

THE TIME-WORN TOWN

By J. S. Fletcher

"Well," replied Wellesley at last, "I can't say. What I mean by that is, that I am not in a position to say. I am not sufficiently acquainted with—let me call them facts—to be able to say. What I do say is, that Mrs. Mallett's business with me and with Wallingford, that evening was of an essentially private nature and had nothing whatever to do with what happened in the Mayor's Parlor just about the time she was in my drawing-room."

"That is, so far as you are aware?"
"As far as I am aware—yes. But I am quite sure it hadn't."
"You can't give this court any information that would help to solve this problem?"

"I cannot!"
"Well, a question or two more. When Mrs. Mallett left you at your door in Piper's Passage—I mean, when you let her out, just before a quarter to eight—what did you next do?"

"I went upstairs again to my drawing-room."
"May I ask why?"
"Yes, I thought of going to see Wallingford in the Mayor's Parlor."
"Did you go?"

"No. I should have gone, but I suddenly remembered that I had an appointment with a patient in Meadow Gate at ten minutes to eight o'clock. So I went back to the surgery, exchanged my jacket for a coat and went out—oath—have you the slightest idea as to who killed John Wallingford?"

"I have not the least idea! I never have had."
"Meeking nodded, as much as to imply that he had no further questions to ask. When his witness had stepped down, he turned to the Coroner."

"I should like to have Bunning, the cartaker, recalled, sir," he said. "I want to ask him certain questions which have just occurred to me. Bunning," he continued, when the ex-sergeant had been summoned to the witness-box, "I want you to give me some information about the relation of your rooms to the upper portion of the Moot Hall. You live in rooms on the ground floor, don't you? Yes? Very well, now, is there any entrance to your rooms other than that at the front of the building—the entrance from the Market-Place?"

"Yes, sir. There's an entrance from St. Lawrence Lane, at the back."
"Is there any way from your rooms to the upper floors of the Moot Hall?"

"Yes, sir, there's a back stair, from our back door."
"Could anybody reach the Mayor's Parlor by that stair?"

"They could, sir, certainly—but either me or my wife would see them."
"Just so—if you were in your rooms. But you told us in your first evidence that from about seven-twenty or so until eight o'clock you were smoking your pipe at the Market-Place entrance to the Moot Hall, where, of course, you couldn't see your back door; that correct? Very well. Now, while you were at the front, was your wife in your rooms at the back?"

"Yes, sir."
"Do you know what she was doing?"
"I do, sir. She was getting our supper ready."

"Are you sure that she never left the house—your rooms, you know?"
"Bunning started. Obviously, a new idea had occurred."
"Aye," said Meeking, with a smile. "Just so, Bunning. You're not sure?"

"Well, sir," replied Bunning, slowly, "now that I come to think of it, I may not. It never occurred to me before, but during that time my missus may have been out of the place for a few minutes or so—to fetch the supper beer, sir." Now where does

Mrs. Bunning get your supper beer?"
"At the Chancellor Vaults, sir, round the corner."
"Meeking turned quietly to the Coroner."

"I think we ought to have Mrs. Bunning's evidence," he remarked. "It took ten minutes to fetch Mrs. Bunning from her rooms in the lower regions of the old Moot Hall. She came at last, breathless and in her working attire, and turned a wondering, good-natured face on the barrister."

"Just a little question or two, Mrs. Bunning," he said, half-indifferently. "On the evening of the late Mayor's death, did you go out to the Chancellor Vaults to fetch your supper beer?"

"I did, sir—just as usual."
"What time?"
"A bit earlier than usual, sir—half-past-seven."

"How long were you away?"
"Why, sir, to tell you the truth, nigh on to half an hour. I met a neighbor on the corner and—"
"Exactly!" And stopped chatting a bit. So you were out of your rooms from seven-thirty to nearly eight o'clock?"

"Yes, sir."
"Meeking gave the Coroner a glance, thrust his hands into his pockets, and dropped back into his seat, silent and apparently satisfied."

THE SPECIAL EDITION

But if the barrister was satisfied with the possibilities suggested by this new evidence, the gist of it had apparently altered the whole aspect of the case, the Coroner obviously was not. Ever since Mrs. Mallett had interrupted his summing-up to the jury, he had shown signs of fidgetiness. He had continually put on and taken off his spectacles, he had moved restlessly in his chair, now and then he had seemed on the point of interrupting counsel or witnesses; it was evident that things were not at all to his liking. And now, as Meeking sat down, the Coroner turned to Mrs. Bunning, who stood looking wonderingly about her, still fingering the apron in which she had been found at her work.

"Mrs. Bunning," he said, "I want to ask you some questions about this back entrance of yours. What is it—a door opening out of the rear of the Moot Hall?"

"Yes, sir; that's it, sir."
"Does it open on St. Lawrence Lane?"

"Yes, sir."
"What does it open into—a hall, lobby, passage, or what?"
"A lobby, sir, next to our living-room."

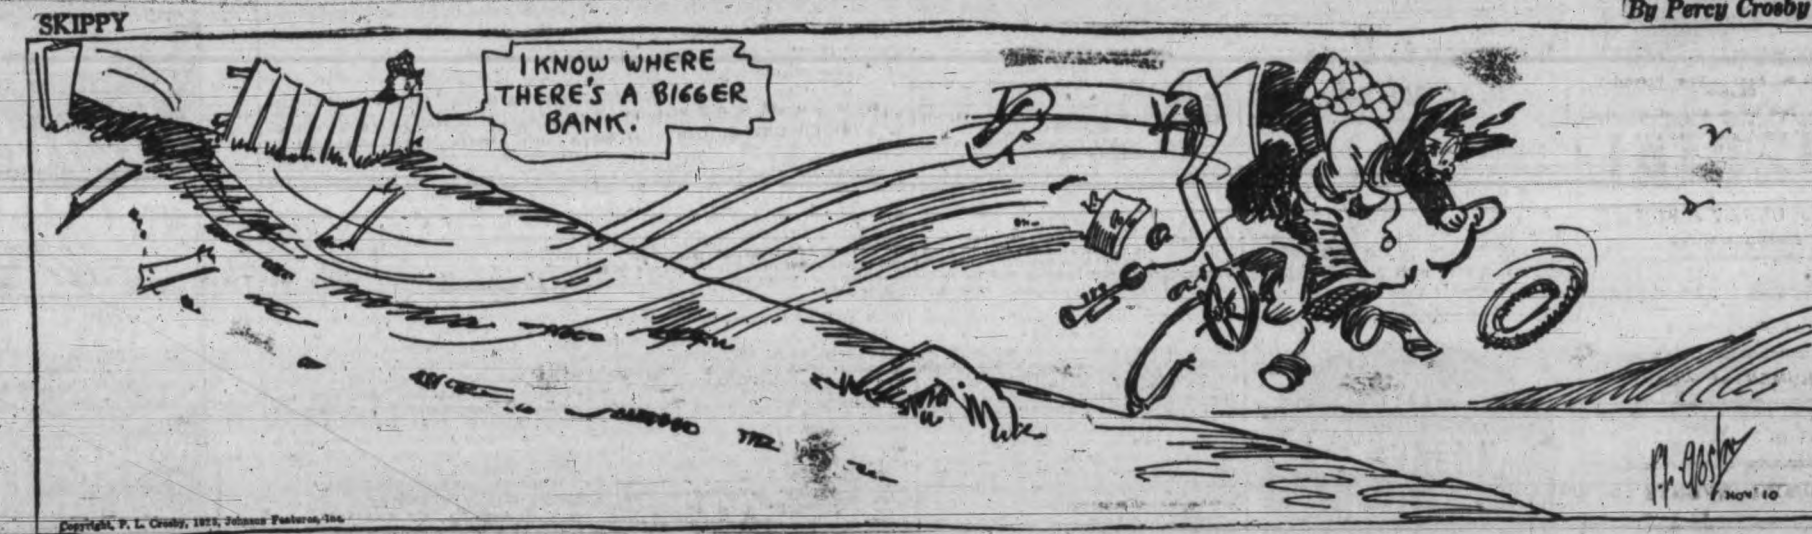

"Is there a staircase, then, in that lobby—I mean, by which you can get to the upper rooms in the Moot Hall?"

"Oh, yes, sir, that's the staircase we use, me and my husband, when we go up for cleaning and dusting, sir."

"Then if anybody went in by that door while you were out that evening, whoever it was could go up that staircase to the upper rooms?"

"Oh, yes, sir, they could."
"And get to the Mayor's Parlor?"
"Yes, sir. The staircase opens on to the big landing, sir, and the door of the Mayor's Parlor is at the far end of it."

Baby Eczema

Soon Disappears with the use of Dr. Chase's Ointment

Only mothers who have witnessed the suffering of their babies when tortured by eczema, fully appreciate the remarkable soothing, healing effects of Dr. Chase's Ointment.

Most babies at one time or another fall victims to skin irritations, chafing of the skin or eczema. For this reason it is a fine habit to always have at hand when bathing baby, a box of Dr. Chase's Ointment. You never know when roughness and redness of the skin is going to develop into something more serious. A touch of Dr. Chase's Ointment keeps the skin smooth and velvety and prevents serious skin affections.

There are scores of uses for Dr. Chase's Ointment. Once it finds its way into the home it is soon considered indispensable.

HOUSE TO DECIDE WHETHER KLAN SHALL BE TOLERATED: DEFINITE VOTE IS FORCED

"Society of Murder, Violent Assault and Unspeakable Crime" Must be Nipped in Bud Here, Browne, Labor Member, Declares in Scathing Attack on "Alien Terrorists" in Nightgowns; Moves Amendment to Address in Effort to Keep Klansmen Out of Province.

Before it adjourns the British Columbia Legislature must decide definitely whether the Ku Klux Klan shall be allowed to organize in this Province or not. This issue was placed squarely before the House yesterday by F. A. Browne, Labor, Burnaby, in what is thought to be the first resolution attacking the Klan ever proposed in a British Parliament. After a scorching attack on the Klan as a "society of murder, violent assault and unspeakable crime," Mr. Browne suddenly dropped a bombshell into the House just before adjournment by a sharp demand that the Klan be nipped in the bud here. His resolution proposing that the Government "restrain this seditious movement" was moved as an amendment to the address in reply to the Speech from the Throne, and after some argument, was declared in order. When the debate on the Speech from the Throne is concluded the House will have to vote on the motion one way or the other.

Mr. Browne's motion attacking the Klan ran as follows: "We regret, however, that a fraudulent, alien, terrorist organization known as the Ku Klux Klan is attempting to organize in British Columbia. "And that the purpose of this body is to perpetuate and promote religious hatred amongst our citizens and to substitute a law for duly constituted authority. "And that the past record of this society is one of murder, violent assault and unspeakable crime. "Wherefore we would urge your Government to take all necessary steps to restrain this seditious movement and bar its membership from all elected official positions under the Crown."

Mr. Browne made members sit up straight in their chairs as he described the outrages perpetrated by the Klan in the United States and demanded action that would prevent similar crimes here. "The organization in the first place appears to appeal only to the mentally deficient," he warned, "back of the hideous foolery of nightgown parades is a financial basis. The organizer of the Klan, who was stopped at the Canadian boundary by immigration officials recently, he said, had called himself a salesman. Probably this was correct as members of the Klan were required to pay \$10 each in fees. Of this the Field Kleagle took \$4 and the King Kleagle \$2. In this way some \$50,000 a year and these officials averaged about \$5,000 a year in Klan emoluments, he stated.

EXTENSION OF RAILWAY TO OCEAN SHORE. MUNN'S ADVICE

Tells of Rich Resources Awaiting Development of North Squamish

Expressing regret as a business man that some definite policy of dealing with the P.G.E. had not yet been evolved, A. E. Munn, Liberal, Lillooet, delivered a thoughtful address in the Legislature yesterday, urging that at least the railway be completed to Prince George and North Vancouver.

"It is too late to worry about past mistakes," he said, "let's face the fact that we have the railway, we can't get rid of it, and try to find a business solution free from political bias."

He believed the time was not yet ripe for the Peace River extension, but said that if the line were completed from Burrard Inlet to Prince George, it might be possible to get Federal aid for the Peace River extension in time to come.

Mr. Munn then detailed the productive possibilities of the country tributary to the line, the probable doubling of the plant of the British Columbia mines, the Squamish timber, the rich Pemberton Meadow land on which one farmer netted \$200 an acre on his potato crop this year, the irrigable land around Lillooet and the range and mixed farming country farther north. Between Quesnel and Prince George, he said, there were 7,000,000,000 feet of timber which would pay the Province between \$7,000,000 and \$8,000,000 royalties enough to pay for the completion of the railway.

Mr. Munn said that Opposition Members would not have criticized the Government on the export of logs if they had looked up the facts. On Crown-granted lands last year only twenty-two per cent of the cut had been exported and the Government had refused to permit the export of the remainder. The cut had been 1,500,000,000 feet and the quantity exported \$5,500,000 feet or 37 per cent, a negligible proportion. The committee which dealt with applications for export permits was most careful to recommend only in cases where there was no local market and he declared that he found that practically all the export wood of inferior grades, he declared. The figures for the first nine months of this year were about the same, he said.

On Crown-granted lands last year only twenty-two per cent of the cut had been exported and the Government had refused to permit the export of the remainder. The cut had been 1,500,000,000 feet and the quantity exported \$5,500,000 feet or 37 per cent, a negligible proportion. The committee which dealt with applications for export permits was most careful to recommend only in cases where there was no local market and he declared that he found that practically all the export wood of inferior grades, he declared. The figures for the first nine months of this year were about the same, he said.

AUTOMOBILE SMASH CAUSED TWO DEATHS

Thirty-five Pupils Have Injuries Following Truck Accident in Ohio

Cincinnati, Nov. 12.—Anna Lee Smith, sixteen, and Eleanor Mortensen, fifteen, two of the thirty-seven Harrison, Ohio, high school students injured yesterday when a truck ran over an embankment into a creek near Westwood, Ohio, died in hospital here last night.

Seven of the accident victims are in a critical condition. The truck was going down a steep hill when the brakes failed and the truck leaped over the embankment and fell thirty feet against a concrete abutment.

PREMIER REGISTERS REGRET AT AFFRONT

Misunderstanding Caused His Refusal to Hear E. C. Warren, He Tells House

"I Am Not Perfect Yet," He Admits as He Explains Incident to Members

"I admit I am not a perfect man yet," Premier Oliver remarked in the Legislature yesterday after he had explained to the House why he had refused to hear E. C. Warren, Florida millionaire in the course of a recent Cabinet interview with Victoria businessmen on taxation problems.

When R. H. Pooley, Opposition leader, rising on a point of privilege, called the attention of the House to an editorial in The Times criticizing Mr. Oliver for his treatment of Mr. Warren, the Government leader replied that an incident had occurred which he regretted.

"At a good deal of discomfort and disorganization the Cabinet had agreed to receive two delegations on the morning in question," the Premier explained. "I pointed out at the opening of the interview that the Executive was very busy and asked the delegation to be brief. After we had been listening for approximately an hour and a half to the representations which I think could well have been condensed into ten or fifteen minutes, the leader of the delegation, Mr. Wolfenden, called upon a Mr. Warren from Florida. As the matter under discussion was one in which Florida has been mentioned widely in the press, possibly somewhat hurriedly, I came to the conclusion that we were to be treated to a dissertation on Florida. I had no knowledge that Mr. Warren had been in British Columbia any considerable time or that he was interested here to the amount of a red cent."

"I generally try to be courteous," he said.

He stated that he had written to Mr. Warren and apologized to him. "I admit I am not a perfect man yet," he said and added, "I move the House do now adjourn." This the House promptly did.
